REISSUE APPLICATION DECLARATION BY THE INVENTOR						
REISSUE APPLICATION DECLARATION BY THE INVENTOR	MBI-1067					
I hereby declare that: Each inventor's residence, mailing address and clitzenship are stated below next to their name. I believe the inventors pagned below to be the original and first inventor(s) of the subject matter which is described and claimed in patient number 2,125,18 granted October 3, 2000 and for which a releasue patient is sought on the invention entitled Bottle Rack						
the specification of which						
is attached hereto.						
was filed on July 11, 2001 as reissue application num	number09/902,965					
and was amended on <u>07/16/2002; 02/6/2003; 07/</u> 2/2004; 08 (ff applicable)	7/10/2007					
I have reviewed and understand the contents of the above-identified specific amendment referred to above. I acknowledge the duty to disclose information which is material to patentab						
I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), equivalent) listing the foreign applications.	or 365(b). Attached is form PTO/SB/02B (or					
I verily believe the original patent to be wholly or partly inoperative or invalid below. (Check all boxes that apply.)	i, for the reasons described					
by reason of a defective specification or drawing.						
by reason of the patentee claiming more or less than he had the right	to claim in the patent.					
by reason of other errors.						
At least one error upon which reissue is based is described below. If the re reissue, such must be stated with an explanation as to the nature of the bro	badeining:					
For the following reasons, the original patent is partly inoperative becau original claims are limited to an apparatus for supporting an article compactor, and the patent period in wherein each of said pegs is positioned at a the tray. The apparatus of the original claims are further limited to a tray errors are addressed by claim 9 of the reissue application, the scope of operative position, wherein the peg is positioned so as to extend outward having an upper portion and a lower portion.	large angle with respect to the upper surface of having a bottom face and an upper face. These which is broadened to require: a second.					

Plac collection of information is required by 37 GFR 1,75. The information is required to obtain or retain a benefit by the public which is to file (and by the USPTO to process) an application. Confidentially is governed by 35 U.S.C. 122 and 37 GFR 1,11 and 1,14. This collection is estimated to take 30 minutes to complete, including gathering, preparing, and submitting the completed application from to the USPTO. Time will very depending upon the individual collection of the control of the process of the control of the control of the process of the control of the process of the control of the control of the process of the control of the contro
